Subject: **ADOPT THE LEGISLATIVE & PUBLIC AFFAIRS COMMITTEE'S RECOMMENDATIONS (JUNE 10, 2015)**

**AB 533 (Bonta) Out-of-Network Health Coverage**

**Summary:** This bill would require a health care service plan contract or health insurance policy to provide that if an enrollee obtains care from a contracting health facility at which the enrollee receives covered services provided by a non-contracting individual health professional the enrollee is required to pay the non-contracting individual health professional only the same cost sharing required if the services were provided by a contracting individual health professional.

**Analysis:** The changes in this bill would prohibit balanced billing. Balanced billing is the practice of charging health consumers the difference between what the plan covers and the actual cost of the service from a provider not in the network. This bill would lower the cost to consumers. In addition insurance provider’s costs would also be contained since they are not required to expand their networks and health professionals would not be allowed to overcharge for their services. These changes mean that students, faculty, staff, and administration will not have to pay large out-of-pocket fees for out-of-network services they needed and were in no position to deny.

**Staff Recommendation – Support**

**SB 62 (Pavley) Student Financial Aid**

**Summary:** This bill would make changes to APLE (Assumption Program of Loans for Education) and the Governor’s Teacher Fellowship Program. This bill would require a program participant to teach in a teaching field with a critical shortage of teachers and to demonstrate financial need; revise the information that the Superintendent is required to furnish to the commission annually regarding the program, and make conforming changes. This bill also increases the amount of loan assumption by the state and changes the definition of an “eligible” school.

**Analysis:** The change in definition expands the base of schools that can be served by potential teachers. In addition, the state will pay up $19,000 of an APLE program participant’s student loans if they teach at a low-performing school in one of the following fields: math, science, or special education. Ultimately, these changes offer extra assistance to transfer students that wish to teach primary/secondary school.

**Staff Recommendation – Support**

XIII. Notice Reports and Informatives
   CH/A. [Notice] Amend Board Rule Chapter II Article IV – 2408 Order of Business
Subject: **RESOLUTION – AMERICA’S COLLEGE PROMISE ACT: TUITION-FREE COMMUNITY COLLEGE FOR RESPONSIBLE STUDENTS**

The following resolution is presented by Board Members Svonkin, Eng, and Fong:

**WHEREAS** S.1716 has been introduced in the United States Senate and H.R. 2962 was introduced in the House of Representatives providing for free community college for eligible students; and

**WHEREAS** Congress recognizes the importance of making higher education more affordable for millions of students seeking the skills and credentials that can create a path to the middle class; and

**WHEREAS** Students cannot afford to take on years of indebtedness before embarking on a career; and

**WHEREAS** Nearly a century ago, a movement to make high school free drove decades of economic growth and prosperity in the 20th century; and

**WHEREAS** Congress is joining President Obama in calling on community colleges to strengthen their programs and increase the number of students who graduate and for the States to invest more in higher education and training; and

**WHEREAS** America’s College Promise Act provides a federal match of $3 for every $1 invested by the state to waive community college tuition and fees for eligible students before other financial aid is applied; and

**WHEREAS** The legislation ensures that programs offer academic credits that are fully transferable to four-year institutions in their state, or occupational training that leads to credentials in an in-demand industry; and

**WHEREAS** Under the legislation, nine million students would benefit, saving a full-time community college student an average of $3,800 in tuition each year; now, therefore, be it

**RESOLVED** That the Board of Trustees of the Los Angeles Community College District hereby supports the America’s College Promise Act introduced in both the House of Representatives and the Senate of the United States; and be it further...
RESOLVED, That the Board of Trustees of the Los Angeles Community College District encourages the adoption of amendments to provide greater flexibility in the use of surplus funds to ensure that community colleges are able to provide wrap around services, such as child care, transportation and housing assistance, to ensure that students are able to successfully complete community college expeditiously; and be it further

RESOLVED, That the Board of Trustees of the Los Angeles Community College District will work hand in hand with its business partners, local Chambers of Commerce, economic and workforce development organizations, and elected officials to ensure that the America’s College Promise Act and Congress’s vision for a trained workforce, becomes reality for the students of the Los Angeles Community College District.
