Subject: **RESOLUTION – IN SUPPORT OF CODIFYING DEFERRED ACTION FOR CHILDHOOD ARRIVALS INTO FEDERAL LAW**

The following resolution is presented by Board Members Fong and Svonkin:

- Whereas, On September 5, 2017, the Trump Administration ordered an end to the program known as Deferred Action for Childhood Arrivals, or DACA, and the Administration has urged Congress to identify a replacement within six months before the Administration phases out DACA’s protections. The outcome will determine the legal status and ultimate fate of approximately 800,000 immigrants known as “Dreamers” who were brought to the United States as children and who are eligible—under the existing DACA program; and
- Whereas, Existing DACA recipients with permits that expire on or before March 5, 2018 are eligible to apply for renewal, if they submit renewal applications by October 5, 2017; and
- Whereas, In an act of faith and trust in America’s promise of opportunity and the historical legal principle of not punishing children for the actions of their parents and/or guardians, “Dreamers” gave their names, addresses and telephone numbers to the United States Government to participate in the DACA program; and
- Whereas, The callous decision by the Trump Administration to end the Deferred Action for Childhood Arrivals (DACA) program is antithetical to American values and abandons the promise made to over 800,000 individuals pursuing the American Dream; and
- Whereas, The average DACA recipient immigrated to the United States when they were six years old and has spent the majority of his or her life living in the U.S.; and

- Whereas, Our vision for California's community college is to provide access to a quality public higher education for all Californians, and as the largest public system of higher education in the U.S., we take great pride in being the pathway to opportunity for Californians of all backgrounds; and
- Whereas, A study of DACA recipients by the University of California, San Diego, found that the incomes of those participating in the program increased by 45%; and
- Whereas, A recent analysis by the CATO Institute found that the U.S. economy could be reduced by \$215 billion, and the federal government would lose \$60 billion in tax revenues with the elimination of DACA; and
- Whereas, DACA recipients are ineligible for federally funded financial aid program such as subsidized loans, grants, scholarships or work study, subsidies provided by the Affordable Care Act, Medicaid, food stamps or cash assistance, despite paying income, sales and other taxes; and
- Whereas, Seventy percent of DACA recipients are in school and 92% of them identify DACA as permitting them to pursue educational opportunities previously unavailable; and
- Whereas, To qualify for DACA eligible applicants must not have committed a felony or significant misdemeanor, have been brought into the country under the age of 16, have lived continuously in the United States since 2007 and have to be either currently in school, have graduated from high school or have been honorably discharged from the U.S. Armed Forces; and
- Whereas, President Trump has put the educational goals and career aspirations of hundreds of thousands of Californians on hold and their future and America's economy at risk; and
