Agenda

(Items may be taken out of order)

- I. ROLL CALL
- II. PUBLIC SPEAKERS\*
- III. REPORTS/RECOMMENDATIONS
  - A. Update: Governor's Budget Proposal Provisions
  - B. Bills for Consideration

SB 520 (Steinberg) as proposed to be amended. The measure, as proposed to be amended, would provide that students could get credit for online courses. While the specific amendments have not been released, the discussion has been that the measure would provide for the application of credit from approved massive online courses.

SCA 3 (Hill, Leno, Pavley) would condition the imposition, extension, or increase of a parcel tax by a school district, community college district, or county office of education upon the approval of 55 percent of its voters voting on the proposition.

AB 13 (Chavez and Quirk-Silva) would exempt former members of the Armed Forces, who were honorably discharged or released from active duty within the immediately prior year, from paying nonresident tuition at the California State University and California Community Colleges.

AB 1100 (Levine) would remove a cap on the amount of reimbursements community colleges can receive for discounted telecommunications services through the California Public Utilities Commission's (CPUC) California Teleconnect Fund.

SB 39 (De León and Steinberg) would require the Office of Public School Construction, in consultation with the State Energy Resources Conservation and Development Commission and the Public Utilities Commission, to establish a school district assistance program to distribute grants, on a competitive basis, for energy efficiency upgrade projects pursuant to the California Clean Energy Jobs Act. The bill would require the office, in consultation with the State Energy Resources Conservation and Development Commission, to establish a program to evaluate the potential to fund energy efficiency and clean energy projects for schools, including colleges and universities, through the use of matching funds, low-interest loans, or other financing methods.

AB 1348 (Perez) would repeal the provisions establishing and providing for the duties of CPEC and would establish the California Higher Education Authority, under the administration of a 13 member board of directors. The bill would set forth the responsibilities of the authority relating to public and private postsecondary education in this state. Among other duties, the authority would be responsible for developing, presenting and monitoring post-secondary education goals for the state. The authority would make recommendations about how to improve the performance of the post-secondary segments. It would also develop and recommend strategic finance policy to the Governor and the Legislature on topics including, but not limited to, the allocation of state appropriations among the post-secondary education segments, student fee policy, and student financial aid. The authority would act as the primary source of information for the Legislature, the Governor, and other agencies.

AB 595 (Gomez) would require a community college district to grant enrollment priority registration to students in the Community College Extended Opportunity Programs and Services program (EOP&S) and to disabled students. Existing law requires the CSU and each community college district, which administers priority enrollment, to grant priority enrollment to members and former members of the Armed Forces and to foster youth. AB 595 would require an expansion of the groups given such priority to enroll.
