## Supplemental Information

# LOS ANGELES COMMUNITY COLLEGE DISTRICT 2023-2024 FINAL BUDGET ALLOCATION MECHANISM 

In 2019-20, the Board approved a new District Budget Allocation Model that better aligns with the new Student-Centered Funding Formula. In 2022-23, this District Allocation Model was reviewed and updated with an equity minded approach and approved by the Board in July 2023. This updated District Budget Allocation Model has been used for the Final Budget Allocation.

## FUNDING PRINCIPLES

- Aligns with the State's Student-Centered Funding Formula (SCFF) in support of student access, equity and success.
- Allocation Model should be easily understood, fair and predictable.
- Recognizes there are core services and unique characteristics associated with a College regardless of size.
- Recognizes that there are Districtwide costs and Educational Service Center operations that must be funded.
- Balances will be retained by Colleges, Educational Service Center and Information Technology locations.
- Colleges are encouraged to collaborate and promote innovation with each other that will maximize student access and success.
- Apply an equity minded approach, as in the SCFF, recognizing college resources and student needs vary across the District.

## I. PARAMETERS USED TO DETERMINE STATE APPORTIONMENT REVENUE

## 1. Base Allocation

The Base Allocation is the enrollment-based component of the State Student Centered Funding Formula (SCFF) and is the sum of the Basic Allocation funding (which is based on the number of colleges and centers in a district and its size) and the funding for enrollment in credit (utilizing a three-year average), noncredit, and career development and college preparation (CDCP) noncredit courses, as well as enrollment of special admit students and inmates in correctional facilities.

For fiscal year 2023-24, the basic allocation base rate is estimated to be:

- FTES >=20,000
- $10,000<=$ FTES $<20,000$
- FTES < 10,000
- State Approved Center
$\$ 8,586,065$ large college
$\$ 7,512,806$ medium college
$\$ 6,439,546$ small college
$\$ 2,146,516$ center

For fiscal year 2023-24, the FTES allocation rates are estimated to be:

- Credit
- Special Admit Credit
- Incarcerated Credit
- Non-Credit
- Non-Credit Enhanced (CDCP)
\$5,238
\$7,346
\$7,346
\$4,417
\$7,346

## 2. Supplemental Allocation

The Supplemental Allocation of the SCFF recognizes that districts must provide additional support to remove barriers to access and success for certain groups of students. It is determined based on the number of low-income students in a district.

For fiscal year 2023-24, the Supplemental Allocation rates are estimated to be:

- Pell Grant Recipients
- College Promise Grant Recipients
- AB 540 students
\$1,239
\$1,239
\$1,239

## 3. Student Success Allocation

The Student Success Allocation encourages progress on outcomes linked to the goals included in the State Chancellors Office Vision for Success. This allocation assigns funding rates for eight outcomes with additional funding for outcomes attained by students who received Pell Grants and College Promise Grants (Equity).

For fiscal year 2023-24, the Student Success Allocation rates are estimated to be:

- Associate degree for transfer (ADT) \$2,922
- Associate degree granted \$2,191
- Baccalaureate degree granted \$2,191
- Credit certificate granted $\$ 1,461$
- Transfer-level Math or English course \$1,461
- Transfer to four-year university $\$ 1,096$
- Completion of nine or more CTE units $\$ 730$
- Attainment of regional living wage $\$ 730$

For fiscal year 2023-24, the Equity Allocation rates for Pell Students are estimated to be:

- Associate degree for transfer (ADT)
- Associate degree granted
- Baccalaureate degree granted
- Credit certificate granted
- Transfer-level Math or English course
- Transfer to four-year university
- Completion of nine or more CTE units
- Attainment of regional living wage

For fiscal year 2023-24, the Equity Allocation rates for CA Promise Grant Students are estimated to be:

- Associate degree for transfer (ADT)
\$737
- Associate degree granted \$553
- Baccalaureate degree granted \$553
- Credit certificate granted \$368
- Transfer-level Math or English course \$368
- Transfer to four-year university
- Completion of nine or more CTE units \$276
- Attainment of regional living wage \$184

## 4. COLA

COLA (cost of living adjustment) will be distributed as specified in the State Apportionment notice.

## 5. College Growth

- Growth will not be budgeted until earned
- Earned College Growth is defined as the amount of SCFF apportionment calculated (adjusted for the minimum base allocation) in excess of the College hold harmless amount
- College Growth not resulting in additional revenue from the State will be paid out of the contingency reserve

## II. PARAMETERS TO ALLOCATE STATE APPORTIONMENT REVENUE

1. Educational Services Center (ESC) \& Information Technology (IT)

The District recognizes that there are certain services that are provided more efficiently through a central operation. Examples of these services include Human

Resources, Payroll, Accounts Payable and Purchasing and Information Technology. Funding for the ESC will be determined by a percentage of LACCD Base Allocation determined by the state Student Centered Funding Formula (SCFF). During the hold harmless period of the SCFF, the allocation will be determined by the formula: Prior Year Allocation + Current Year COLA + Board Approved Adjustments +/- cost transfers from/to other locations. At the end of the hold harmless period, (currently 2024-25) a percentage will be established equal to the 2024-25 allocation amount (minus ending balance) divided by the 2024-25 General Fund Unrestricted Revenue Final Budget (less dedicated revenue). This percentage will be adjusted in subsequent years by any Board Approved Adjustments +/- cost transfers from/to other locations. Funding for the ESC will come off the top of the Base Allocation, the remaining Base Allocation will be proportionately reduced across all locations and shall be distributed to colleges based on their proportion of the Districts base allocation plus hold harmless amount. The percentage and methodology will be reviewed a few years after the SCFF funding floor is fully implemented.

## 2. Districtwide Accounts

There are annual expenditures which support the District as a whole or that cannot be easily broken out by college. Examples of these expenditures include Property \& Liability Insurance, Legal, Audit, etc. Budgets in these accounts do not carryover but are replenished each year. Funding for the Districtwide Accounts is based on need, the Presidents will make budget recommendations on Districtwide Accounts to the District Budget Committee. Funding for the Districtwide Accounts will come off the top of the Base Allocation, the remaining Base Allocation will be proportionately reduced across all locations and shall be distributed to colleges based on their proportion of the District's funded FTES.

## 3. Other Districtwide Accounts

There are Districtwide projects and expenditures that are one time in nature that tend to take multiple years to complete. Budgets in these accounts carryover until project completion or are self-supporting operations. Examples of these expenditures include the President and Dean Academy, DAS professional college, DAS sustainability and Van de Kamp. Funding for these other Districtwide accounts come from one-time budget requests or from unique funding streams and does not come from the Base Allocation.

## 4. Reserves

The District shall maintain a District General Reserve of six and a half percent ( $6.5 \%$ ) and a Contingency Reserve of three and a half percent (3.5\%) of total unrestricted general fund revenue at the districtwide account level. Such reserves shall be established to ensure the District's financial stability, to meet emergency
situations or budget adjustments due to any revenue projection shortfalls during the fiscal year. Use of the reserve must be approved by the Board prior to any expenditure. State Apportionment Base Allocation Revenue will be utilized to maintain the General Reserve (6.5\%) and replenish the Contingency Reserve (3.5\%).

## 5. College Set Asides

One percent (1.0\%) of total college unrestricted allocation is to be set aside in the college budget to ensure College financial stability, to meet emergency situations or budget adjustments due to any revenue projection shortfalls during the fiscal year.

## 6. Other Set Asides

The District shall maintain a Deferred Maintenance fund, setting aside two percent ( $2.0 \%$ ) of total unrestricted general fund revenue at the districtwide account level. State Apportionment Base Allocation Revenue will be utilized to establish the Deferred Maintenance fund each budget year.

## 7. College Allocation

a. College Minimum Base

To recognize that there are fixed expenses and core services associated with a College regardless of size, each College will receive an annual minimum base allocation determined by the following parameters:

- Minimum Administrative Staffing:

1. (1) President;
2. (3) Vice Presidents;
3. (1) Institutional Research Dean;
4. (1) Facilities Manager;
5. Deans
a. (4) Deans => small colleges (FTES<10,000);
b. (8) Deans $=>$ medium colleges (FTES $>=10,000$ and $<20,000$ );
c. (12) Deans => large colleges (FTES $>=20,000$ ).

- Maintenance and Operations costs based on average cost per gross square footage.

## b. Remaining State Apportionment Allocation

The colleges shall receive 100 \% of their earned Supplemental Allocation and $100 \%$ of their earned Student Success Allocation, as well as their proportional share of their earned amount of the remaining Base Allocation (after ESC/IT, Districtwide and Reserves).
c. Assessment Calculation

The proportionate share of the total allocated base plus hold harmless amount will be used to determine the college assessment.

## III. PARAMETERS TO ALLOCATE OTHER REVENUE

## 1. Non-Resident Tuition/Enrollment Fees

Revenue shall be distributed to colleges based on college projections of tuition earnings.

## 2. Local Revenue and Other Federal and State Revenue (Dedicated Revenue)

Revenue that is directly generated by colleges shall be distributed to colleges based on college projections and adjusted for actual.

## 3. Lottery Revenue

Revenue shall be distributed to colleges based on the proportion of a college's prior year FTES over the total District FTES and adjusted for actual.
4. Interest and Other Federal, State, and Local Income Not Directly Generated by the Colleges.

Interest and other federal, state, and local income that is not directly generated by colleges shall be utilized to fund the District's reserves.

## IV. PARAMETERS FOR ALLOCATIONS

1. A College total budget shall be the sum of the adjusted base allocation, $100 \%$ of the calculated supplemental allocation, $100 \%$ of the calculated student success allocation, plus other revenue; minus college deficit payments; plus, balances.
2. Additional funding received by the District after Final Budget, not directly attributable to an individual college, shall be distributed through the new allocation model as delineated in the Revenue Parameters above.
3. In the event that actual revenues are less than the amounts projected and allocated to colleges for the fiscal year, the college budgets will be recalculated and adjusted accordingly.
4. As the District is being 'held harmless' by the State, and will be held to a 'funding floor' in the future; Colleges will be 'held harmless' to the total of the prior year allocated State Apportionment Revenue.
5. The College 'hold harmless' amount will increase by State COLA if the District 'hold harmless' revenue also increases by the same.
6. The College 'funding floor' amount, currently scheduled to be implemented in 2025-26, will not increase by COLA.
7. Colleges shall keep their ending balances through fiscal year 2024-25. Beginning in 2025-26, colleges shall keep their year-end balance up to five (5\%) of their prior year's Unrestricted General Fund budget, excluding prior year balances. Colleges are allowed to carry over their accumulated balances from fiscal year 2025-26 and subsequent fiscal years up to ten (10\%) of their prior year Unrestricted General Fund budget.
8. Colleges with balances in the General Reserve will be allowed to use up to $\$ 5$ million or twenty five percent (25\%) of that balance annually, whichever is less. Additional access is allowed with the Chancellor's approval.
9. The Educational Services Center (ESC) and Information Technology (IT) shall retain its prior year ending balance including open orders. Open orders for Educational Services Center/IT and Districtwide Accounts shall be funded up to the available balances from these locations. Any uncommitted balances in Districtwide Accounts shall be redistributed to colleges at the end of the fiscal year.
10. The college president is the authority for college matters within the parameters of law and Board operating policy. The college president shall be responsible for the successful operation and performance of the college.
11.During Budget Preparation, the Presidents will make a recommendation on Districtwide (Centralized) Accounts allocation to the District Budget Committee.
11. Prior to Budget Preparation, the Presidents will meet to forecast FTES and other metrics and set goals to maximize revenues to be generated by the colleges.
12. Each operating location shall prepare a quarterly report to include annual projected expenditures and identify steps necessary to maintain a balanced budget.
13. The budget allocation will be recalculated using this mechanism at Final Budget, First Principal Apportionment (February) and at year-end.
